

Smarter Faster Testing for Microsoft Solutions

Deliver continuous quality across your Microsoft ecosystem with AI-powered test automation

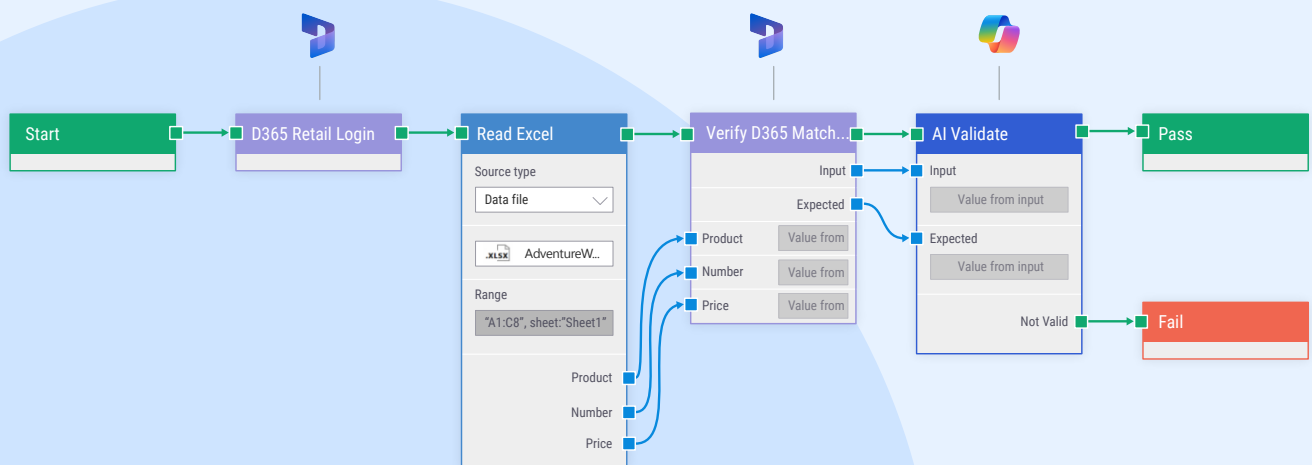

Your customers and employees rely on the Microsoft solutions that make up your most critical business processes. In these interconnected software ecosystems, even the smallest defect can disrupt the flow of business.

Leapwork helps software testing teams to ensure quality across Microsoft applications, so customer experiences are great, operations are uninterrupted, and business continues to flow.

Codeless, AI-Powered

Scale automated testing across of all your apps, including AI tools like Microsoft Copilot

Industry leaders test Microsoft with Leapwork

Get the most out of your Microsoft investment

- ✓ **Test end-to-end**
Test all applications, including packaged applications, custom, and cloud native, for web, desktop, mobile, and APIs.
- ✓ **Seamlessly integrate**
Remove silos and easily collaborate with integration into your Azure DevOps CI/CD pipelines and test plans.
- ✓ **Deploy faster**
Eliminate testing roadblocks with the AI-driven solution powerful enough to test the most complex data-driven use cases.
- ✓ **Govern at scale**
Reduce risk with tamper-proof audit logs, video-based reporting and dashboards, and access control with full Active Directory support.
- ✓ **Validate AI**
Test AI applications like Microsoft Copilot to ensure core AI algorithms and logic produce the expected outcomes.
- ✓ **End maintenance pain**
Run your entire regression suite automatically after every build and easily maintain and scale with reusable test flows.

Higher quality. Lower TCO.

100K

hours saved per year

"Leapwork's no-code experience for test creation empowers a broader percentage of our customers to effectively implement automated testing. Enhancing the quality of their Microsoft Dynamics 365 service experience and lowering the total cost of ownership through Leapwork."

Mike Ehrenberg

Technical Fellow & CTO of MSFT D365 Apps Group

Make testing better today

Professional services

Go faster with onboarding assistance and a dedicated team to build your first test.

Flexible deployment options

Let us do the heavy lifting with Leapwork Cloud. Or deploy on-premises for full control.

Migrate from RSAT

The RSAT to Leapwork Migration Tool provides a simple, easy way to migrate from RSAT to the Leapwork Platform.
